

Jerry's Charters

2026

Open letter to dive shops and dive groups. We are booking dates for the start of our 45th year of running shipwreck charters in the Milwaukee area. Our open dates can be found at www.pcdiving.com

The Charter Boat "Lender" is now joined by the "Sandy Ann" a 34 foot Marinette aluminum boat that runs shipwreck diving charters. This means we have both the experience and organization to run safe diving charters in Lake Michigan.

During these years we have also found 24 new dive sites from depths of 25 feet to 140 feet. We offer 7 days a week to schedule charters. Our individual and group rates are listed in the chart below:

One dive trip \$110.00 per diver; Two dive trip \$150.00 per diver

Group of 4 divers: one dive- \$350.00 Group of 4 divers: two dives- \$550.00

Group of 6 divers: one dive- \$480.00 Group of 6 divers: two dives- \$775.00

These Charter Boats "Lender" and "Sandy Ann" are equipped with all the Coast Guard boating safety requirement, as well as the D.A.N. and PADI required safety equipment. We also have oxygen and an AED on board. We have extra dive weights, masks, and fins available. We do require an insurance liability waiver to be signed by all people on board.

Scuba tank filling is available at the dock for anyone with a short fill.

Captain: Jerry Guyer
